Article Numbers: 147216, 145222, 145220, 145219, 145218

Safety Instructions:

- Use only in the intended manner to avoid injury.
- Only adjust the height using the provided notches and adjust the table height to the user's requirements to ensure stability and user-friendliness.
- Do not place excessive loads or heavy objects on it to avoid structural damage and instability.
- When cleaning with disinfectant, first test on an inconspicuous area.
- The table surface can be damaged by heat-resistant materials; avoid sharp objects to prevent scratches.
- The product is not suitable for use by children without supervision.
- Ensure that the table is stable and evenly positioned on the floor; if necessary, adjust the adjusting screws correctly and set up on a smooth, level surface to prevent tipping or wobbling.
- If the floor is uneven, use the levelling screws to prevent wobbling and minimise the risk of falling or injury.
- Do not use the product as a ladder or for additional weight.
- Do not adjust the table top beyond the maximum recommended height (850 mm).
- Keep the table away from heat sources and direct sunlight to prevent discolouration of the material.
- Assembly should be carried out by qualified personnel and all assembly and adjustment instructions should be followed to avoid stability problems.
- The tabletop could pose a risk of injury if handled incorrectly.
- The table is intended for use in office environments and should not be used in damp or wet areas.
