Article Numbers: 147217, 145282, 145280, 145279, 145278

Safety Instructions:

- Ensure that the table is sturdily built and stable to prevent it from tipping over and that the maximum table height is not exceeded.
- Test the disinfectant compatibility of the table surface on an inconspicuous area first.
- Height adjustment and assembly should only be carried out by adults and injuries due to improper handling should be avoided.
- Watch out for sharp edges and corners, especially in rooms with children.
- Do not overload the table and pay attention to the structural integrity.
- Regularly check fastenings and stability.
- Do not leave any excess objects on the table surface to minimise the risk of tipping.
- Handle the table top with care, especially with sharp or heavy objects.
- To avoid injury, do not use the table as a standing desk.
- If the floor is uneven, levelling discs should be set correctly.
- Use floor levelling mechanisms and non-slip glides on smooth floors.
- Provide instructions for safe use and installation.
- Ensure that no parts of the body are trapped when using the height-adjustable mechanism.
- Designed for commercial use, therefore use out of the reach of children.
