Safety Instructions:

- Surfaces can be cleaned with disinfectants; prior compatibility test on an inconspicuous area recommended.
- Ensure that the table height is set correctly to prevent instability and tipping.
- Observe safety precautions when installing small parts (e.g. screws) to avoid injury.
- Use the product in accordance with EU health and safety regulations.
- Set up the table stably on a level surface; check regularly for tipping or wobbling.
- Only adjust the height of the table within the range of 650 to 850 mm.
- Regularly check the floor levelling screws to ensure stability.
- Protect the surface from extreme temperatures and aggressive cleaning agents.
- Do not use damp or directly sunny locations for the table.
- Keep articulated parts and height-adjustable mechanisms away from children.
- Protect sharp edges or corners with edge protectors to prevent injuries.
- Read the installation instructions carefully and follow them; ensure that all parts are connected correctly and firmly.
- Regularly check for stability and wear, especially with frequent height adjustment.
- Only use suitable cleaning agents to protect the surfaces.
- Improper use can lead to injuries, risk of electric shock due to incorrect height adjustment and risk of suffocation due to sharp edges.
