Safety Instructions:

- Surfaces of the table must be cleaned with disinfectant. Test compatibility on an invisible area first.
- During assembly and use, ensure that no body parts are trapped.
- Do not overload the table, especially when using the table connection panel, and avoid heavy objects.
- Keep the table stable, including regular checks of the screws and frame.
- Install electrical components correctly to minimise the risk of electric shock. Ensure electrical safety.
- Only use designated connections to avoid overheating. Check electrical components regularly for safety.
- Only use the table on firm, level ground to avoid the risk of accidents.
- Observe height adjustability to avoid accidents due to improper use. Adjustment should only be carried out by an adult.
- Keep the table away from sources of heat and moisture to prevent damage.
- Do not use sharp objects to avoid scratching or damaging the surface.
- Do not use as a standing desk or climbing frame to avoid injuries.
- Securely lock the table legs to prevent tipping. Do not use if the table is unstable.
- Follow clear instructions for installation and use to ensure structural integrity and safety.
