Safety Instructions:

- Check the compatibility of cleaning agents on a less visible part of the table.
- Note suitability for ergonomically adjustable seat heights.
- Avoid overloading beyond the specified maximum loads to prevent damage or injury.
- Do not leave small children unattended near the table to avoid injury.
- Only use the table on stable, level surfaces to prevent it from tipping over or wobbling.
- Make sure that the table is stable and sturdy to prevent it from tipping over.
- Only use the height adjuster in accordance with the instructions to avoid injury.
- Ensure that all parts are correctly assembled before using the table.
- In the event of wear or damage, repair or replace immediately.
- Only use suitable cleaning agents to avoid damaging the material.
- Take care not to trap any parts of your body when adjusting the height.
- Avoid scratches caused by sharp objects on the table surface.
- The height adjustment should only be carried out by adults.
- Avoid impacts or collisions with the table to ensure stability.
- Ensure that the table top is not damaged by incorrect assembly; ensure correct assembly.
- Only use the table for its intended purpose in order to avoid injuries caused by improper use.
- Keep children away from the height adjustment equipment to minimise the risk of injury.
