Safety Instructions:

- Note: Beware of choking hazard due to small parts, especially during assembly. Not suitable for children under 3 years of age.
- Electrical fuse: Check all electrical connections carefully to avoid the risk of electric shock and short circuits. Do not overload the table connection panel.
- Cleaning: Before using disinfectants, test compatibility on an inconspicuous area.
- Height adjustment: Ensure that the height adjustment is carried out correctly. Height adjustment should only be carried out by adults and should not allow anyone to become trapped.
- Load capacity: Observe the maximum load to ensure the stability of the table. Do not overload and check the floor levelling screws regularly.
- Stability: Ensure that the table is placed on a stable, level surface and that the levelling screws are used properly to prevent wobbling or tipping.
- Surface care: Keep the table away from water, open flames and extreme heat sources. Do not use sharp objects to protect the tabletop.
- Assembly: Assembly must be carried out carefully in accordance with the instructions to ensure stability and safety. Regular checks of the connecting elements are necessary.
- Use: Ensure that the table complies with the specified load limits. Do not use the table as a staircase or platform.
- Safety: Keep the area around the table free of obstacles to avoid tripping accidents.
