Article Numbers: 147234, 145252, 145250, 145249, 145248

Safety Instructions:

- Risk of suffocation due to improper height adjustment. The height adjustment should only be carried out when the table is empty and by adults to prevent tipping and injuries. Make sure that no parts of the body are trapped.
- Risk of injury from sharp edges or corners. Ensure that there are no sharp edges or corners that could cause injury.
- The table should be assembled and used on a level surface. When used on uneven ground, additional care is required to avoid wobbling or tipping over.
- The manufacturer's instructions must be followed carefully during assembly and use to ensure safe assembly and minimise safety risks. Ensure that the table is securely mounted to prevent it from wobbling or tipping over.
- Avoid sitting or standing on the table to prevent injuries from falling. The table should only be used for its intended purpose as a conference table; not as a climbing aid or similar.
- The table is not suitable for children: Choking hazard due to small parts or improper use.
- When using disinfectants, check the surface for compatibility in advance. The use of suitable cleaning agents is recommended to avoid damaging the surface.
- Any damage or defects to the table top or frame should be reported immediately. The table should be able to safely support heavy objects and should be checked regularly for stability.
