Safety Instructions:

- The surfaces of the table are suitable for cleaning with disinfectants. Check compatibility on a less visible area.
- Ensure that the table is placed on a stable, level surface to avoid accidents.
- Take care to keep sharp or pointed objects away from the tabletop to avoid scratches or damage.
- During assembly, the manufacturer's instructions must be followed exactly to ensure proper stability and safety.
- The table height can be adjusted between 650 mm and 850 mm. Check the height adjustment regularly and carry it out correctly to avoid stability risks.
- The height adjustment mechanism should function properly.
- Do not overload the table and check the adjusting screws in the feet regularly to ensure stability.
- The product should not be installed near sources of heat or moisture.
- Avoid using the table in extreme climatic conditions.
- Keep out of reach of children to avoid the risk of tripping or crushing.
- Check the table regularly for damage and replace it immediately in the event of damage.
- Observe the user instructions and safety information on the packaging.
