Safety Instructions:

- The table surfaces can be cleaned with disinfectants. Compatibility should be tested on an inconspicuous area before use.
- Avoid extreme weights and handling heavy objects on the table top to prevent damage or instability and to prevent the table from tipping over.
- Ensure that the height of the table is between 650 mm and 850 mm. Only adjust the height according to the instructions to avoid injury.
- To prevent injuries from falling, make sure that the table is placed on a stable and level surface and is mounted evenly to avoid tipping.
- Smaller children should be kept under supervision to avoid possible injury from falling or tipping over.
- The tabletop is not suitable for high temperatures; avoid direct contact with hot objects.
- The table is not suitable for climbing or as play equipment; provide appropriate instructions for users.
- When assembling, make sure that all parts are properly fixed to ensure that the table can be used safely.
- Ensure that the table is stable to prevent it from tipping over.
- Check the adjusted levelling screws regularly to ensure that the table is correctly levelled.
- The table combination requires two pieces to achieve the desired shape. Make sure that they are positioned and fixed correctly.
- Contains no small parts that could pose a choking risk.
