Safety Instructions:

- Ensure that the height adjustment is safe and stable to prevent injuries.
- Test the surfaces treated with disinfectants on an inconspicuous area for compatibility.
- Avoid using the table for unsafe activities or as play equipment for children.
- Make sure that the table is stable and cannot tip over to avoid accidents.
- Avoid excessive weight loads on the table top.
- Only use the table for its intended purpose in accordance with the user instructions.
- The height adjustment should only be carried out with sufficient knowledge and without risk to your own safety or that of third parties.
- Make sure that no objects are stored under the table top to avoid crushing.
- Avoid using the table on unstable or uneven surfaces.
- Installation should be carried out in accordance with the enclosed instructions to ensure safety.
- Avoid adjusting the adjustable frame abruptly.
- Check the table regularly for stability and wear.
- Make sure that the table is placed on a level surface to prevent it from tipping over.
- Avoid contact with water or other liquids to prevent damage to the wood and the surface.
- The table is only suitable for indoor use, not for external use.
- Incorrect assembly can lead to instability, so make sure you follow the correct assembly instructions.
- Children should not be allowed access to the table without adult supervision.
- Use for commercial purposes should be in accordance with the relevant regulations.
- Provide user instructions and safety information in accordance with the applicable regulations.
