Safety Instructions:

- Ensure that the table is stable and secure to prevent it from falling over or wobbling.
- Set the height correctly and check the stability regularly to prevent tipping.
- Regularly check the functionality of the regulating screws.
- Do not apply excessive loads or make improper height adjustments in order not to impair stability.
- When assembling, ensure that all parts are properly fitted and firmly secured to prevent them from falling over or causing injury.
- Child-safe use - always supervise children near tables as the table is not designed for children.
- Only use the table on stable, level surfaces to prevent it from tipping over.
- Protect the table surface from sharp or hot objects.
- Do not use harsh cleaning agents; test the disinfectant on a less visible area first.
- Clean the feet and glides of the table regularly to prevent damage to the surface.
- Keep children away from using the table without supervision.
- Ensure that cables are laid safely when using electrical appliances.
- If you have problems with stability or height adjustment, please contact the manufacturer or seller.
- Observe the enclosed installation and operating instructions to ensure safety.
- Keep small parts out of the reach of children.
