Safety Instructions:

- Caution: Sharp-edged parts can cause injuries. Frames and surfaces in particular should be handled with care.
- Before using for the first time, ensure that all fastenings are secure to prevent them from falling.
- Children should always be supervised when using the whiteboard to avoid safety risks.
- Avoid contact with water or moisture to prevent corrosion and damage to the surface.
- Regular cleaning in accordance with the manufacturer's instructions is necessary to ensure safety and long-term functionality. Weekly cleaning of the Nano Clean™ and monthly cleaning of the enamelled surface is recommended.
- Only use the recommended markers and cleaning agents to prevent damage to the surface.
- Ensure that the mounting system is installed safely to avoid the risk of falling.
- The product should not be used as a toy for children under the age of 3 to avoid the risk of choking on small parts. Make sure that no small parts are within reach of small children.
- Keep the surface away from direct sunlight to avoid discolouration.
- During installation, ensure that no electrical cables run behind the wall to avoid electrical hazards.
- Please note the manufacturer's guarantee: 15 years for Nano Clean™ steel coating and 25 years for the enamelled version of the whiteboard.
