Please note the technical data of the products!

Article Numbers: 138359, 138358, 138357, 138356, 138355, 138354

Safety Instructions:

- Store and transport safely to avoid damage.
- Read all packaging and labels carefully before use.
- Lock cylinder locks securely to prevent unauthorised access.
- Use ergonomically designed handles to prevent injuries and back damage.
- In the event of heavy rain or adverse weather conditions, take suitable measures to protect the box.
- Do not load the box with excessively heavy objects to avoid structural damage and stability risks.
- Check the transport box regularly for damage and replace defective parts immediately to minimise safety risks.
- Keep out of the reach of children to prevent injury. Not suitable for use by children without supervision.
- Caution! Product contains sharp edges, risk of injury if handled incorrectly. Use gloves to avoid cutting injuries.
- The product is heavy; we recommend at least two people for transport. Carry the box with sufficient care.
- Please ensure that the box is placed on a stable surface to prevent it from tipping over, especially if it is overloaded.
- For outdoor storage, ensure that the box is protected from extreme weather conditions to prevent material wear.
- Safe transport of objects to prevent injuries.
- Do not overload to avoid stability risks and breakage. Please observe the maximum load to avoid damage and injury.
- Always close closures securely to prevent leakage in the event of rain.
- To avoid injury, do not load the boxes with sharp or cutting objects.
- Use the transport box for its intended purpose in order to avoid improper use and the associated risks.
- Regularly check the seals and closures for wear to ensure protection against dust and moisture.
- Caution: Parcel may tip heavily and unexpectedly.
- Do not store near open flames or extreme temperatures.
- When stacking, ensure that the boxes are stable.
- Note: Not suitable for children under 12 years of age.
