Safety Instructions:

- Ensure that the drawers are not overloaded (maximum load capacity 25 kg per drawer).
- Only use the pedestal on level and stable surfaces to prevent it from tipping over.
- Keep the container away from water and damp environments to prevent damage to the wooden surfaces.
- Be careful when closing the drawers to avoid the risk of crushing.
- If necessary, secure the container to the wall to increase stability.
- Beware of sharp edges and corners to prevent injuries.
- Not suitable for children under 3 years - choking hazard due to small parts.
- The product is not suitable for use by children without supervision.
- Check the lock regularly for proper functioning.
- Observe the instructions and safety information supplied during installation.
- Make sure that children cannot access the drawers to avoid injury.
- Use the integrated floor glides to prevent damage to the floor.
- When opening the drawers, observe the maximum load and ensure that they are always fully closed to avoid injury.
- Ensure that all parts are correctly installed to avoid stability problems.
- Keep the tilt key out of the reach of children to prevent unauthorised opening.
