Safety Instructions:

- Take care not to overload the drawers beyond the maximum load capacity of 25 kg in order to avoid damage, malfunctions and injuries.
- Make sure that the pedestal stands on a stable, level surface to avoid the risk of tipping and falling.
- Keep small children away from the product to minimise the risk of injury such as crushing by drawers.
- Take care when closing the drawers to avoid the risk of crushing and make sure that no parts of your body enter the drawer area.
- When using the drawers, ensure that they are loaded evenly and that no heavy objects are stored in the upper drawers to prevent them from tipping over.
- Take care when using drawers with full-extension runners to prevent the container from tipping over.
- Use the lock mechanism to prevent unauthorised access and ensure that the key is not left in the lock.
- Regularly check the stability and functionality of the container to prevent safety problems.
- Observe the notes and instructions for assembly and installation to ensure correct and safe use.
- Only use the furniture for its intended purpose.
