Safety Instructions:

- Caution: Choking hazard due to small parts if used incorrectly.
- Observe the instructions for safe use and correct handling.
- Adults should supervise drawers to avoid injury.
- Use the product in accordance with the instructions to ensure safe use.
- The product contains moving parts; be aware of the risk of pinching fingers.
- Ensure that the pedestal is stable and cannot tip over to avoid the risk of falling.
- Use a key for the lock to prevent unauthorised access.
- Do not overload (max. 25 kg per drawer) to avoid damage and the risk of accidents.
- Make sure that the drawers are properly closed to avoid crushing.
- Regularly check the floor gliders to ensure stability.
- The pedestal should be placed on a stable and level surface to prevent it from tipping over.
- Avoid damage due to excessive load on the drawers; observe the maximum load capacity (25 kg per drawer).
- Handle sharp edges on cover plates carefully to avoid injury.
- Do not manipulate the self-closing mechanism of the drawers.
- Only use the lock in accordance with the instructions to avoid damage.
- Keep the product away from children to avoid injury.
- Follow all installation and operating instructions carefully.
- Disconnect from the power supply during maintenance work, electrical components may be present.
- Avoid positioning the product near water, avoid water damage.
- Only use the container for its intended purpose, do not exceed the load capacity (25 kg per drawer).
- Young children should be kept away from the appliance and drawers should not be pulled out.
- Ensure that the container is used in a dry and dust-free area to maximise its service life.
