### Safety Instructions:

- There is a risk of injury from sharp edges or corners if handled incorrectly. Be careful when handling to avoid injury.
- Ensure that the installation surface is stable, level and in accordance with the stated specifications to prevent it from tipping over.
- Do not use the pedestal as a ladder or for climbing.
- Do not exceed the maximum load capacity of 25 kg per drawer. Always operate drawers with both hands and with care to avoid injury or crushing.
- To avoid mould growth and damage to wooden parts, store in a dry place and keep away from sources of water.
- Only use for the intended and upright use. Not suitable for use by children. Use child safety locks to prevent damage or injury due to improper use.
- If the product is visibly damaged, stop using it immediately.
- Read the installation instructions carefully before use and ensure that all moving parts are free of obstructions.
- The product is not suitable for use by children under 3 years of age, as small parts can be swallowed.
- Always keep the product away from heat sources to avoid damaging the surfaces.
- Instructions for safe use and installation must be observed in order to avoid hazards.
- During assembly, ensure that the stability of the free-standing container is guaranteed.
