Safety Instructions:

- Not suitable for children under 3 years of age due to small parts that may pose a choking hazard; keep out of reach of children.
- Ensure that the container and its drawers are always on a stable and level surface; use height-adjustable floor glides to prevent tipping.
- Observe the maximum load capacity of each drawer and do not exceed 25 kg to avoid the risk of breakage.
- Avoid overloading and improper use of force when closing the drawers to prevent injury.
- Safety instructions for the lock: Keep the key and lock away from children and check regularly that they are working properly to prevent unauthorised access.
- Take care when using near water sources or damp environments to avoid corrosion and material damage.
- Only use the product for its intended purpose; avoid the use of aggressive cleaning agents.
- Read and follow all included instructions for installation and use to avoid injury and technical damage.
- Ensure that there are no sharp edges; use protective measures.
- Only use original parts and accessories to guarantee safety and functionality.
