Safety Instructions:

- Do not overload drawers, observe maximum load of 25 kg per drawer.
- Ensure that the product is placed on a stable and level surface to prevent it from tipping over.
- Observe the assembly and safety instructions in the manual to ensure stability and safety.
- Keep the container away from children to avoid injury from crushing or small parts.
- Use the central locking system properly to prevent unauthorised access.
- Sharp edges on handles can cause injuries, take care during assembly and use.
- Observe the soft-close system of the drawers to prevent injuries caused by sudden movements.
- Check and adjust height-adjustable floor glides regularly to ensure stability even on uneven surfaces.
- Keep keys and locks safe to prevent access by children.
- User instructions should be provided in an understandable language and consulted regularly.
- Use the product as intended and check its condition regularly for defects.
- Transport the heavy product carefully and do not use any aggressive cleaning agents.
