Safety Instructions:

- Observe the safety instructions to avoid injuries due to improper use and safety risks.
- Do not use the lock near children and keep it out of their reach to prevent suffocation, injury and loss.
- Include detailed instructions for installation and use to ensure safety.
- Do not open or manipulate without authorisation to avoid damage.
- Ensure that the lock is supplied with two keys to prevent misuse.
- Only suitable for use in the area of intended application.
- If a key is lost, contact the manufacturer immediately to avoid security risks.
- There is a risk of the key slipping off or being lost if used incorrectly.
- The product should always be kept in the field of vision during use to prevent unauthorised opening.
- Check the function of the lock regularly and test it for smooth operation after a long period of non-use.
