Article Numbers: 231708, 231706, 231705, 231704, 231703, 231701, 231700, 231699

Safety Instructions:

- Caution: The product may have sharp edges. Be careful when handling to avoid injury.
- The cabinet is stable enough to carry up to 50 kg per compartment. Do not exceed the maximum load of 50 kg to avoid damage.
- Ensure that all doors and compartments are properly closed to prevent objects from falling out or getting caught.
- The product is not suitable for use by children without supervision. Children should not play unsupervised near the cabinet.
- If the doors are not installed correctly, there is a risk that they may fall off or not close properly. Ensure that the doors are fitted correctly in accordance with the instructions.
- Do not place the product near heat sources to avoid damaging the material.
- Secure all doors with the three-point espagnolette lock to prevent unauthorised access. Be careful when using the lockable function to avoid damaging the lock.
- Safety instructions: Before assembling and using the cabinet, check all parts for damage.
- The product must be set up on a stable and level surface to prevent it from tipping over. If necessary, use the levelling screws on the base.
- Anchor the cabinet to a wall to prevent it from tipping over. Never use tiltable furniture without a back panel or attachment to the wall.
- Only use the cabinet for its intended purpose and do not store any unsuitable items.
- Keep the surfaces of the cabinet clean and free of moisture to prevent damage to the melamine resin coating. Avoid using harsh or aggressive cleaning agents on the surface.
- Proceed with caution when handling: Pay particular attention to the weight of the cover plate when attaching it.
- Keep the installation and safety instructions in order to ensure the safety of the product even after installation.
- Carry out a general safety check before use.
- Right of return and product guarantee of 10 years. Act quickly in the event of defects.
