Safety Instructions:

- Caution: The product may have sharp edges.
- Please note the maximum load capacity of the cabinet.
- Safety information must be enclosed with the product.
- Avoid use in humid environments as this may affect the material integrity.
- Only use the product in accordance with the instructions provided.
- Caution: The doors are heavy. To avoid injury, make sure that no body parts are trapped when opening and closing the doors.
- The product should only be used by adults or under supervision to avoid injury.
- Ensure that the cabinet is stable and, if necessary, secured to the wall to prevent it from tipping over.
- Keep the cabinet away from heat sources to avoid material deformation.
- Correctly assemble and secure the cabinet according to the instructions to ensure stability.
- Do not overload the shelves to ensure stability.
- When opening the door, use the handles provided and ensure that the doors are properly closed to avoid injury.
- Check the product regularly for safety risks and take the necessary measures.
- Use locks and doors properly to avoid the risk of injury.
