Safety Instructions:

- Only use the product for its intended purpose and not as a climbing frame or additional support.
- Observe the maximum load capacity to avoid overloading.
- Secure the cabinet and assemble it according to the instructions to prevent it from tipping over.
- Make sure that the cabinet is stable and in a fixed location.
- The doors are 19 mm thick; open them carefully to avoid the risk of crushing.
- Observe the maximum load capacity and avoid excessive loads on the doors.
- Make sure that the doors close correctly to avoid injury.
- Use hinged doors carefully, do not open them more than 120° and make sure that they do not jeopardise your balance.
- Avoid excessive contact with sharp edges or corners.
- Keep children and pets away from the product, especially during assembly and use.
- Regularly check the functionality and strength of the espagnolette locks and door hinges.
- Use the espagnolette lock properly to prevent unauthorised access.
- The product should not be used in damp environments to avoid damage.
- Service the door mechanism regularly to ensure smooth operation.
- Keep small parts out of the reach of children to avoid the risk of choking.
- If you have any questions or problems, please contact the manufacturer or the point of sale.
- Recommended for use by adults, not suitable for children.
