Safety Instructions:

- Take care when opening the hinged doors to avoid the risk of crushing. Do not use the doors as a step.
- Ensure that the cabinet is placed on a stable, level surface to prevent it from tipping over. Check stability regularly.
- Assembly should be carried out in accordance with the enclosed instructions. Ensure that all parts are present before assembly.
- Keep the cabinet away from sources of water and heat to prevent damage and discolouration.
- Avoid placing excessive weight on the doors and do not place heavy objects on the top to prevent damage and tipping over.
- Product not suitable for outdoor use or for children under 3 years of age. Always ensure supervision when used by children.
- Ensure that fingers or body parts do not become trapped, especially in the case of cupboard doors.
- If the cabinet is heavy, make sure it is secured for added safety.
- Only use the cabinet in accordance with its intended function to avoid injury.
- If you have any questions about installation, refer to the instructions supplied and make sure that all screws are tight.
