Please note the technical data of the products!

Article Numbers: 240382, 240381, 240380, 240379

Safety Instructions:

- Safety instructions and suitable installation and operating instructions must be included to prevent improper use.
- Maximum load capacity of the drawers: 15 kg. Avoid overloading, as drawers can jam or fall out.
- Use the lock safely; improper use can lead to damage. Follow the safety instructions for using the lock to avoid damage.
- Use the castors correctly to prevent the moving parts from jamming. Lock the castors securely when not in motion to prevent them from rolling away.
- Roll containers must be positioned on stable, level surfaces to prevent them from tipping over.
- Children should not be left unattended near the roller container to avoid injury.
- Keep roller containers away from water sources to prevent material damage.
- Castors can be a tripping hazard, especially if used improperly.
- Make sure that there is no risk of injury from the angular handles when opening and closing the drawers.
