Safety Instructions:

- Ensure that the cabinet is stable and secure, especially on uneven ground. Regularly check the stability and the adjustable feet.
- Use the double-bit lock to prevent unauthorised access to your waste bin. Secure against unauthorised access with a key.
- Keep the cabinet away from fires and extreme heat sources to prevent material damage.
- Follow the instructions when assembling to avoid injury or damage to the product. Carry out safe assembly in accordance with the enclosed instructions. Caution during assembly: Use the assembly materials provided to ensure stability and safety.
- Keep children away from the product to avoid accidents caused by improper use. Do not use as a toy for children.
- The product should be placed on a level surface to ensure a safe balance. Ensure that the product is stable to prevent injuries from tipping over.
- Take care when using plants on the roof to prevent them from falling and possibly causing injury.
- Keep all packaging and assembly instructions.
