Safety Instructions:

- Ensure that the waste bin is stable and cannot tip over and is stored in a stable, level place to avoid the risk of injury from tipping over.
- Avoid use with children and place the product out of their reach, as small parts and sharp edges may be present.
- Follow the instructions for self-assembly carefully and observe the safety instructions for self-assembly to ensure safe assembly and avoid injury.
- When handling the waste bin, ensure that no hands or body parts get caught in the moving parts to avoid injury.
- Dispose of the product packaging safely after use to avoid environmental hazards due to improper disposal.
- Take care not to dispose of heavy or hazardous waste that makes handling difficult.
- The clamping rings should be checked regularly for safety and functionality.
- Close the plastic lids completely to prevent odours from forming.
