Please note the technical data of the products!

Article Numbers: 138308, 138307, 138305

Safety Instructions:

- The waste bin should be placed on a level surface to prevent it from tipping over. Ensure that the castors are secured to prevent uncontrolled rolling.
- Regularly check the stability of the base plate and avoid overloading the waste bin to ensure stability.
- To avoid damage, do not load the waste bin with heavy or sharp objects and do not use aggressive or corrosive cleaning agents.
- Keep the waste bin away from heat sources to avoid deformation and protect it from the weather when outdoors.
- The waste bin may have sharp edges. Users should be careful when handling it and ensure that children do not use it as a toy, but only to dispose of waste.
- When using the mobile version, activate the castor brakes to ensure safety.
