Article Numbers: 141309, 141308, 141307, 141306

Safety Instructions:

- For adults only, not suitable for children (minimum age 14 years).
- Maximum load: 110 kg. Do not exceed the weight limit.
- Risk of tipping over and risk of falling if used incorrectly or if the height is set incorrectly.
- Only use the standing aid on stable surfaces, risk of slipping if it is not stable enough.
- Height adjustment only when standing without weight on the standing aid.
- Keep your distance from other people to avoid injury.
- Avoid jerky movements to ensure stability.
- Choking hazard due to small parts and pinching or crushing of body parts.
- Risk of suffocation due to improper handling of the safety gas spring.
- Risk of injury due to insufficient stability if used incorrectly.
- Observe the safety instructions for correct adjustment of the seat height.
