Safety Instructions:

- Ensure that the drawer insert is securely installed in the Series 90 drawer unit.
- Avoid storing objects that are too heavy or unstable in the drawer insert to prevent them from tipping over or falling out.
- Use the drawer insert with care, as the edges may be sharp and could cause injury.
- The drawer insert should always be kept clean and dry to prevent corrosion.
- Keep the product away from children to avoid accidents or injuries. It is not suitable for children under 3 years of age due to small parts.
- Make sure that the dividers and centre plates are securely fastened in the drawer to prevent slipping and possible injury.
- Avoid contact with sharp objects to prevent damage to the surface of the drawer insert.
- Ensure that the insert is only used for its intended purpose to prevent damage.
- Regularly check the condition of the product, as the structural integrity may be impaired in the event of impact or mechanical damage.
- The product should not come into contact with aggressive chemicals in order not to damage the epoxy powder-coated materials.
