Safety Instructions:

- The drawer insert must not be used near naked flames or high temperatures in order to avoid damage to the material.
- Using the drawer insert in environments with high humidity can affect the durability of the material.
- Regularly check the stability and integrity of the drawer insert to ensure that no parts can break or fall out.
- Make sure that the drawer insert is inserted correctly into the drawer to prevent it from slipping or tipping over.
- The drawer insert is not suitable for use by children without supervision.
- Product only suitable for use in the intended application.
- Safety information is enclosed with the product in plain language.
- Only use the product in accordance with the manufacturer's instructions in order to avoid risks.
- The storage and transport conditions must not impair the safety of the product.
- Not suitable for children under 3 years due to small parts.
- Handle the product carefully to avoid injury from sharp edges.
- Avoid contact with water to prevent corrosion of the metallic material.
- Follow the assembly instructions carefully to ensure safe and stable use.
- Please dispose of the product in accordance with local regulations for electrical and electronic equipment.
