Safety Instructions:

- Risk of suffocation due to unsupervised contact with small oil-contaminated parts.
- Environmental hazard due to improper disposal of used oil and avoidance of direct contact with used oil; obtain information on correct disposal.
- Risk of leaks that can lead to environmental damage; check regularly for leaks and monitor leakage indicator.
- Safety warning: Before use, observe protective measures against harmful chemicals and avoid direct contact.
- Choking hazard due to small parts of the accessories; do not give to children under 3 years of age or use unsupervised.
- Use only for the intended purpose, do not use for other purposes.
- Avoid contact with naked flames or sparks and ensure that the appliance has cooled down before refilling.
- Ensure installation in accordance with local safety standards.
- Protect your eyes and skin when handling the product and ensure adequate ventilation if the tank is used outdoors.
- Always keep the hinged lid closed to prevent soiling and leakage.
