**E-Mail:** kontakt@cemo-group.com

Please note the technical data of the products!

**Article Numbers:** 138729, 138728, 138727, 138726, 138725, 138724, 138723, 138722, 138721

### Safety Instructions:

- Only use the drip tray for substances hazardous to water.
- Do not overfill or bring into contact with flammable, explosive or toxic substances.
- Ensure that the maximum filling volume of 1100 litres and the load capacity are complied with.
- Regularly check the drip tray for cracks, leaks or damage to prevent leaks.
- Wear suitable personal protective equipment (e.g. gloves, safety goggles).
- Not suitable for children, there is a risk of injury if handled incorrectly.
- Only use the drip tray on stable, level surfaces and install it correctly to prevent leakage.
- Consult available safety data sheets for the substances used.
- Ensure that all users are informed about the risks and handling of hazardous substances.
- Ensure safe disposal of collected materials in accordance with local regulations and comply with environmental regulations.
- Ensure protection against environmental damage caused by leaking water-polluting substances and carry out emergency measures in accordance with environmental regulations in the event of an operational accident.
- Apply labelling in accordance with the requirements of the Product Safety Regulation.
