Safety Instructions:

- Not suitable for children under 3 years - choking hazard due to small parts.
- Ensure that the drawer insert is correctly inserted in the drawer unit to prevent it from falling out and causing injury.
- Protect from direct sunlight, moisture, direct heat and aggressive chemicals to prevent damage and ensure a long service life.
- Please observe the maximum load limits of the drawer insert to prevent overloading and possible damage.
- If the dividers are badly worn, they should be replaced immediately to ensure safe use.
- The product must not be placed on the market if it does not comply with the relevant safety requirements.
- Ensure that the product is properly designed for use in drawers and has no sharp edges.
- The packaging or the product should contain warnings to draw attention to possible dangers.
- It is recommended to store the product out of the reach of children.
- Ensure that all materials used comply with the applicable environmental regulations.
