### Safety Instructions:

- Make sure that the locker is securely anchored to prevent it from tipping over. Ensure secure installation and fastening during assembly. Not suitable for children, as the locker may accidentally tip over.
- Only use a suitable padlock with the security twist lock. The security padlock must be used correctly to prevent unauthorised access.
- Use sufficient space when storing and retrieving items to avoid injuries.
- Regularly check the functionality of the doors and hinges for damage.
- Keep ventilation slots free of blockages for optimum air circulation.
- Follow the instructions for use and safety instructions when using the device.
- The locker is not suitable for children to play with. Keep the locker and its hinges away from children to avoid the risk of crushing.
- Caution: Risk of injury from sharp edges during installation.
- Do not exceed the maximum load capacity.
- Please ensure that there are no small parts or loose parts near the cabinet that children could reach.
- Avoid contact with water so as not to damage the corrosion-protected surface.
- Do not use sharp objects against the doors or the cabinet to avoid dents and damage.
