Safety Instructions:

- Keep the product out of the reach of children as there is a risk of suffocation from small parts.
- Ensure that the product does not come into contact with moisture or extreme temperatures to prevent damage.
- Avoid using the product in situations where it could be damaged to ensure the protection of documents.
- Use the product in accordance with the manufacturer's instructions for optimum functionality and safety.
- Protect the product from direct sunlight and do not store it near heat sources.
- Avoid contact with sharp objects to prevent scratches.
- After use, store in a dry, cool place to ensure material integrity.
- The product is made of robust, scratch-resistant materials, but should be handled carefully to prevent damage.
- Regularly check conformity with the safety requirements.
- Take care with contact with chemical substances to ensure the longevity of the materials.
