Please note the technical data of the products!

Article Numbers: 195556, 195555

Safety Instructions:

- Set up partition walls stably and securely to prevent them from tipping over.
- Do not set up partition walls near heat sources or open flames to avoid the risk of fire.
- Products made from cut PET can release microplastics; use protective gloves in case of contact with damaged surfaces.
- Observe DIN 4102 flame retardant (B1), but avoid contact with flammable materials.
- Avoid damaging the partition walls with sharp objects in order to preserve the acoustic properties.
- Do not use movable walls in areas with high temperatures or direct sunlight to prevent material damage.
- Regularly check partition walls for damage to ensure safety and acoustic properties.
- Keep partition walls away from naked flames and extreme chemical substances to avoid the risk of fire.
