Please note the technical data of the products!

Article Numbers: 138327, 138326, 136391, 136390

Safety Instructions:

- Before use, ensure that the collection station is placed on a stable and level surface to prevent it from tipping over.
- Check the suitability of the collection station for recognisable materials to avoid overfilling.
- Place out of reach of children to prevent improper use and ensure that access to the materials inside is not permitted.
- Empty carefully so as not to jeopardise the safe operation and functionality of the collection station.
- Check regularly for safety-relevant signs and damage to ensure that the collection station is still safe and functional.
- The triangular spanner supplied should only be used to lock the collection station and should be used under supervision to avoid improper use. The triangular spanner is only intended for use by adults.
- The collection station is heavy; there is a risk of injury if handled incorrectly.
- The collection station is not suitable for use in areas with direct contact with food.
- Reverse movements when using the adjustable feet harbour the risk of tipping over. Please ensure stability.
- In the event of damage, discontinue use immediately and contact the manufacturer.
- Take care when handling sharp edges or corners of the collection station. The use of gloves is recommended to avoid skin injuries caused by rough surfaces.
- Users should be instructed not to fill the collection station with hazardous substances in order to avoid health and safety hazards.
- When using the triangular key, ensure that it is not lost to prevent unauthorised access.
