Safety Instructions:

- To avoid deformation or damage, do not bring the impact-resistant polystyrene lid into direct contact with high temperatures or naked flames.
- Set up the product securely and fasten it properly to prevent it from tipping over.
- Not suitable for children under 3 years; choking hazard due to small parts.
- Keep out of the reach of children and do not allow children to use it as a toy.
- Check regularly for damage; do not use if damaged and contact the manufacturer.
- Contains sharp edges, so take care when handling.
- Do not place heavy objects on the lid or exert excessive pressure to avoid breakage or deformation.
- Only use the product for its intended purpose indoors and is not suitable for the storage of hazardous substances.
- Protect from direct sunlight and heavy frost to prevent material degradation and discolouration.
- Do not use near sources of ignition and handle with care near sharp objects.
- If used or handled improperly, the lid may break and pose a risk of injury.
