Article Numbers: 133828, 133826, 133823

Safety Instructions:

- Caution: Risk of injury due to improper installation or handling.
- Do not fill the waste bin with excessive weights to avoid tipping over.
- Check the condition of the container regularly to avoid cracks, rust or other damage.
- Ensure that the container is properly mounted to prevent it from falling out or tipping over.
- Please use the container only for the intended purposes and materials; it is not suitable for flammable materials or food waste.
- Ensure that the container is emptied properly to prevent overflows and leaks.
- Use appropriate handling techniques when emptying the container to avoid injury.
- Ensure that the container is designed for external conditions to prevent rust formation.
- Empty the container regularly to avoid excessive accumulation of waste.
