Safety Instructions:

- Observe maximum filling quantity: 50 litres. Do not overfill to avoid overflowing and possible fires.
- Place the waste bin away from heat sources, naked flames and hot surfaces to avoid the risk of fire and overheating.
- Only use for flammable waste. Not suitable for highly flammable materials that cannot be emptied properly.
- Keep the waste bin out of the reach of children and pets to avoid the risk of injury.
- The self-extinguishing lid ensures safety by preventing the supply of oxygen. Ensure that the lid is not blocked and that it is checked regularly to ensure that it is working properly.
- Use the product in accordance with the instructions and local regulations. Observe important notes on disposal and proper use.
- The waste collector is intended for dry waste and is not suitable for storing hazardous or liquid waste.
- Set up stably on firm, level surfaces to prevent tipping over.
- Regular maintenance and cleaning required to ensure full functionality and hygiene.
- Only use the product indoors unless it is specially labelled for outdoor use.
