Please note the technical data of the products!

Article Numbers: 188683, 188103, 185579

Safety Instructions:

- Choking hazard due to the absence of a replaceable light source. The light contains built-in LED lamps that cannot be replaced. If the LEDs are defective, the entire light must be disposed of.
- Risk of electric shock due to improper use or improper installation. Avoid improper use. Installation should only be carried out by qualified specialists.
- Safety warning: The LEDs must not be switched on if they are damaged. Attention: The light cannot be repaired if the LED lamps are defective.
- Not suitable for children under 3 years due to small parts.
- Note on proper disposal: The light contains built-in LED lamps that cannot be replaced.
- Caution: Not suitable for use in wet areas. Do not use outdoors or in damp environments. The light should be protected from moisture and should not be operated in damp rooms.
- Risk of suffocation due to improper access to electrical components.
- Take care when mounting and transporting: the light is 1960 mm high and relatively heavy.
- Beware of overheating if the dimming function is set to maximum brightness for a long time.
- Only use the light on stable, flat surfaces to prevent it from tipping over.
- The light should be disconnected from a power source when maintenance work is being carried out.
