Safety Instructions:

- The chair is not suitable for children under 3 years of age and should only be used under supervision to avoid the risk of tipping over and choking on small parts.
- Make sure that the chair is placed on a stable and level surface to prevent it from tipping over, tripping and slipping.
- Avoid moving the chair with excessive force over uneven floors or using the armrests as a handle, as this can lead to damage or tipping over.
- The maximum load capacity of the chair should not be exceeded; this chair is not suitable for persons over 120 kg.
- Keep children and pets away from the chair to prevent injury.
- Clean the synthetic leather seats regularly in accordance with the manufacturer's instructions to extend their service life and minimise health risks.
- Avoid sharp objects near the surface to prevent damage.
- Regularly check the stability of the chair and the strength of the screws and fastenings; replace the glides if they are worn.
- Keep the chair away from open flames, heat sources and damp environments to prevent the risk of fire, material deformation and mould growth.
- Attach warnings that the chair is not suitable for children without supervision to ensure safety.
