Please note the technical data of the products!

Article Numbers: 138751, 138750, 138749, 138748, 138747

Safety Instructions:

- Ensure that the adapter is secured with a hose clamp to ensure a secure hold and prevent leaks.
- Take care when heating the hose to prevent overheating or burns. If necessary, heat the hose carefully to make it easier to attach.
- Only use the adapter with compatible IBC tanks to avoid leaks.
- Do not use for transporting harmful, unauthorised or aggressive liquids in order to avoid material wear and breakage.
- When used outdoors, observe the weather resistance of the material and protect it from extreme weather conditions.
- Choking hazard due to small parts that can be swallowed. Keep out of the reach of children to avoid risks.
- Caution when using under pressure - not suitable for highly pressurised liquids.
- Use of the adapter is subject to general safety regulations and should be checked regularly for damage.
- If the adapter is visibly cracked or damaged, stop using it and dispose of it accordingly.
- Ensure proper handling of the connection fittings to prevent leaks and damage.
