Safety Instructions:

- Not suitable for children under 3 years of age, as small parts can be swallowed or cause a choking hazard.
- Paper products can pose a risk to small children if used improperly, for example by putting them in the mouth.
- Do not expose to direct open flames or excessive moisture to preserve the quality of the paper.
- Not suitable for direct contact with food and should not be stored near food as it may be mistaken for food.
- Contains paper that can cause cuts if used incorrectly.
- Improper handling can cause printer problems; make sure that the paper type is suitable for your printer.
- Improper use or incorrect storage may result in damage to the cards or envelopes.
