Safety Instructions:

- Ensure that the stool is not loaded beyond the maximum load capacity of 110 kg to avoid structural damage and injury.
- Take care when adjusting the height of the stool to prevent falls and injuries.
- The non-slip base plate provides stability, but special care should be taken when using it on slippery floors.
- The seat cushion should be checked regularly for signs of wear, especially if it is used frequently.
- The product is not suitable for children under 3 years of age as there is a risk of injury from falling.
