Article Numbers: 188144, 188143, 188142, 188141

Safety Instructions:

- Before installation, ensure that the power supply is disconnected.
- Avoid using the light in areas where it is exposed to direct moisture or high temperatures.
- Do not use if the housing is damaged or shows signs of overheating.
- Luminaire contains non-replaceable LED lamps, therefore it must be completely replaced in the event of a defect.
- Do not install or operate the light in the vicinity of flammable materials.
- Installation should only be carried out by qualified personnel.
- Risk of accident due to improper installation or damaged cable.
- Do not bring the light into contact with water or other liquids.
- Do not open the light or carry out internal maintenance without specialised knowledge.
- Ensure that the electrical connection terminal is properly secured after installation.
- Product is not suitable for use in potentially explosive atmospheres.
- Before commissioning, ensure that the electrical installation complies with the current regulations.
- Do not continue to use if damaged.
