Article Numbers: 188106, 188105

Safety Instructions:

- Attention: The light is not dimmable and should not be used with dimmer switches or similar devices.
- Risk of suffocation due to improper handling of transparent materials.
- Risk of electric shock if connected to the power supply incorrectly. Keep the electrical connection away from the light.
- The integrated LEDs are not replaceable. In the event of a defect, the entire device must be replaced.
- Please ensure that the light is only used with the cable suspension provided.
- Ensure that the light is only used for ceiling mounting.
- The light must not be installed in vapoury or damp environments to avoid damage to the electrical components.
- Only use the light with the intended electrical voltage of 230 V.
- The light should be installed out of the reach of children to avoid the risk of injury.
