Safety Instructions:

- Maximum load capacity of the shelves: 75 kg. Ensure that this is not exceeded.
- Use the cylinder lock and keep it securely locked to prevent unauthorised access.
- Do not install the cabinet in areas with extreme temperatures or aggressive chemicals.
- Regular cleaning of the cabinet with approved cleaning agents to ensure hygiene standards and prevent material damage.
- The cabinet should be placed on a stable, level surface to prevent it from tipping over.
- The acrylic glass window is fragile; avoid excessive pressure or impact.
- Use only for the intended conditions of use to ensure safety and material.
- Improper use or overloading can lead to tipping over.
