Article Numbers: 157142, 157141, 157140

Safety Instructions:

- Risk of injury if shelves are handled incorrectly, observe load capacity of 75 kg to avoid overloading.
- Ensure that the cabinet is standing on a level surface to prevent it from tipping over.
- Secure against unauthorised access using the cylinder lock, especially in areas with children.
- Check the cylinder lock regularly to prevent unauthorised access.
- Regular cleaning and disinfection of surfaces recommended to ensure hygienic use.
- Only suitable for dry storage, avoid moisture to prevent corrosion.
- Do not use sharp objects when cleaning to avoid damaging the surface.
- Do not store any sharp objects on the shelves, as this could damage the inside walls of the cupboard.
- Do not use the cupboard as a chair or ladder to avoid the risk of falling.
- There is a risk of crushing due to the hinges and hinged doors; take care when opening and closing.
- To ensure longevity, check the cabinet regularly for rust, even if it is rust-free.
- Use this product only for its intended purpose to avoid injury or damage.
